

Guest Lecture on Six Sigma

(June 11, 2017)

A Guest Lecture was conducted on 11th June 2017 by Mr. Tareh Varshney (Assistant General Manager, Centre of Excellence, Head Office, Larsen & Toubro Limited) on the topic of Six Sigma. He introduced the students to the topic of Six Sigma and explained how it can be applied to various functions and processes. The session helped to sensitize students on importance of quality control in organizations. The session was very interactive and a good learning experience for the students.
