

Testimonials

For the 2 years, I was the part of GNIMS, studied the MMS with Marketing Specialization. My overall experience with GNIMS was very positive. During my study period, I found the college to be the best for me as the teachers were able to deliver the best of knowledge. Staff members & Visiting Faculties were always ready to help. I am happy to recommend this Institute to everyone whoever is planning for their Higher Studies.

The college not only helped me to excel in the academic field, but also teaches me a lot about different cultures and how to appreciate them.

Today I am working in RHS Group, UAE & it all becomes possible because of GNIMS Placement Committee. The tension of getting a good job was more to the Gurjeet Multani Ma'am, Amy Gandhi Ma'am & Satroop Kaur Minhas Ma'am as compare to students. Because they eagerly wanted to place their students in a well reputed Company.

Thank you for everything.

"It is a great pleasure to be in GNIMS family for 2 years MMS. We attached with this institute not only for studies but also for extracurricular activities and development of our skills. The learnings/lessons which we got here are helpful when we came out of our college premises. The support from Professors and Placement committee helped us to get the job in good Organization. I wish we could join this family again in future."

The PGDM course at GNIMS gave me the opportunity to develop skills and gain knowledge crucial for thriving in the professional world. Professors at GNIMS hold extensive expertise in their areas of specialization. Moreover, I consider 2015-17 as a transformational period as my mentor Dr. Gurjeet Multani guided me in bringing finesse to my personality. I even got a global exposure to management case studies attending a BRICS students' meet. As Abraham Lincoln once said, "Test of fire makes fine steel", my two years at GNIMS put me through vigorous learning and have made me a competent individual.

Attending Guru Nanak Institute of Management Studies was the best decision I could have ever made. The education and experience I received not only taught me the knowledge but also to obtain success in life. Every professor played a pivotal and transformational role in my life and helped me to fulfill my dreams of being what I'm today. This institution has extremely qualified faculty willing to help students excel in their areas of interest. The forward-thinking curriculum, and professors who are industry experts, played a large role in my decision to be as successful in my profession.

I would want to emphasize and put light on the spectacular placement program of GNIMS, through which multiple global companies are invited for students to boost confidence and inspire them to realize their potentiality and stand the chance to become global players.

I truly believe in the core principles and values of GNIMS that only by giving to the society means creating positive impacts not only for the society but also for respectively individuals. I was honored with its prestigious award as “placement committee member” for my inputs to this strong research-oriented placement program wherein I spearheaded the community for placements of students into various companies. I feel extremely fortunate to be honored and appreciative for receiving this significant award. I would not be where I am today I am very proud to be a part of such a distinguished institution.”

This was a journey that if I were asked to rewrite, i wouldn't change a bit! I was just as confused as one can be, but these 2 years in GNIMS (MMS-Finance) have helped me become who I am today. This wouldn't be possible without the never-ending support of all the Faculty (teaching and non-teaching) from minor issues to the most complicated problems solved in a matter of minutes. Also, the summer internship program, the various seminars which gave an opportunity to connect with successful people of the Industry and other grooming activities has provided me with the necessary tools to enhance my skills more, taught me valuable knowledge about this diverse world and people and concepts in general and enabled me to become successful in life. It also has stressed to me the importance of thinking critically and asking questions in many situations. All these aspects have also made me better-rounded as a person. I am truly honoured to have been a part of this family.

GNIMS as an institute which supported me all the time with the best career guidance. I consider myself lucky enough to get associated with this institute. GNIMS offers perfect blend of continuous learning, amusement and enduring principles. In these 2 years GNIMS supported me in all the ways when I was in difficult situations. All the professors are very helpful. They would take efforts and make sure if students understand a concept completely. Thank you, CDC, for your constant support and encouraging students to attend seminars, workshops etc. CDC has polished our leadership skills.

I would like to appreciate NHRDN with CDC that they chose me to attend the study tour on IR associated with companies like L&T and Mahindra. I was chosen to work as a placement coordinator.

I did my summer internship with AIR INDIA. I got my final placement with XL recruiters as Associate. Even after being placed if I faced any academic issue my faculties were very helpful for the same. I am thankful to Director (Dr. Bigyan Verma), CDC Team (Dr. Gurjeet Multani, Ms. Ami Gandhi, Ms. Satroop), Mentor (Imran Sir) and all the Faculty. There is lot to say about this wonderful journey, it was amazing!!!!
