

Guest lecture for E-MBA Students

A guest lecture on "Effects of Demographic Economics on Indian economy --- A 360 degree view on the economy, skills, innovation and way forward" was organized for E-MBA students on 19th Sep 2015. **Dr. Satvinder Singh - Executive Director at JP Morgan Chase** was the key note speaker. It was an enlightening session as the speaker shared real life experiences and told the students about the importance of a well formed progress of economy. He focused on various aspects related to Indian sectors. The student learned about how to select effective career development ideas so that the future goals can be achieved. It was a learning and interactive session for the students where the speaker answered all the queries put up by the students to their full satisfaction. The session received excellent feedback from all the students.
