### ABOUT THE BOOK

Discontinuation of printed resources and arrival of e-resources has changed the working style of scholars. Advent of internet has greatly impacted all the subjects including Social Sciences. The work covers different aspects which are very essential to the researchers of different subjects which come under the preview of social sciences. Digital library's working, management of e-resources, online reference services, needs of the users, new technologies etc. have been discussed.

### ABOUT THE EDITOR

Dr. H.S Chopra has to his credit double doctorate one in History and the other in Library and Information Science. He has edited three books and written eight books on different aspects like library preservation, conservation, restoration, Oriental libraries, Information marketing, digital library etc. His annotated bibliography on 'Maharaja Ranjit Singh and His Times' was published by GuruNanakDevUniversity, Amritsar (Pb.). For his book on district Tarn Taran: an urban study, he was honoured by the Government of Punjab. He has written more than eighty research papers which have appeared in National and International journals, Encyclopedia of Library and Information Science (USA), edited by Allen Kent and International conferences. He has also written articles in regional language on different aspects of Library and information Science and History. He has contributed seventeen articles to the Encyclopedia which has been published by Punjabi University Patiala (Pb.). Some students have done Ph.D. under his guidance. He has organised a number of Awareness Programmes, Seminars and Conferences.

At present he is working as a University Librarian at Guru Nanak Dev University Library, Amritsar (Pb.).
