## **CERTIFICATE WORKSHOP ON “POWERING THE USE OF MS- EXCEL FOR BUSINESS DATA”**

On Sunday, February 19, 2017 Mr. Shreeram V. (a 30+ year’s experienced individual in Strategic IT in organizations like Reliance Power Ltd., and HPCL) conducted a full day workshop for EMBA students on business data analysis with MS EXCEL. The emphasis was laid on being more productive and creative while using Microsoft Excel for

business and reporting, also on the ability to analyze data which is one of the powerful skill that helps managers to make better decisions.

The business managers cannot run away from data-driven decision making. It is an approach to business governance which values decisions that can be backed up with verifiable data. The

success of the data-driven approach is dependent upon the quality of the data gathered and the effectiveness of its analysis and interpretation. Microsoft Excel is one of the most effective tool in data analysis, which needs to be constant updated.

Students were found highly enthusiastic in learning how to master business modeling and analysis techniques with Microsoft Excel 2016, and transform data into bottom-line results.
